

Little Giants Dog Rescue

Please review our adoption process.

- 1.) Please fill out LGDR's adoption questionnaire. Please be as thorough as possible. This helps us ensure that we pair you with the best fit dog based on a variety of criteria, and as always, we will always act in the best interest of the dog. If you do not feel comfortable in answering any questions, please feel free to reach out to us to ask us about it and we will explain why the question is necessary.
- 2.) Once we receive your questionnaire, we will carefully review and reach out to you within 48 hours.
- 3.) We will set up a meet and greet for you to be able to interact with the dog either at our location or an agreed upon location. All family members who live in the home must meet the dog before the adoption can be completed.
- 4.) If interested in the dog and you have another animal, we will set up another time to do an introduction with the other animal (if this was not done at the first meet and greet) to ensure that the animals get along with each other.
- 5.) We will also contact your veterinarian, personal references, and do a home check if deemed necessary. (could be 1, 2, or all 3)
- 6.) Our adoption fees vary upon age and needs but will always include: spay/neuter, vaccinations, microchipping, and will be heartworm free. LGDR will provide all veterinary paperwork to you.
- 7.) If you rent your home, please make sure you can show proof of the pet policy.
- 8.) Once all paperwork is completed, the dog will then be handed over to the new owner (you) to complete the adoption.
- 9.) You must provide your own leash and harness before the dog will be handed over.

This process is tentative and can change at any time.
